Student Placement Process

Current Grades K-4

April 2, 2021

Dear Parents,

This form is intended for parents of students currently in Kindergarten, 1st, 2nd, 3rd, or 4th grades. Your responses will be considered during the placement process for the 2021-2022 school year. Please include specific information related to your child's particular learning style, needs, and interests. Please do not request an individual teacher.

Our goal is to make the best possible placement for every child at the Carlisle Public School as we work to create balanced classes. Your child's current teacher will work with the other members of the grade level team, including the school psychologist and administrators, to create effective instructional groups. This is a complicated process that all members of the placement team take very seriously. Many factors are taken into consideration when making these decisions.

The parent placement form is due Friday, May 7, 2021. If you wish to complete this form online, you may do so here: [Parent Placement Online Form](#).

We would like to thank you in advance for your cooperation. If you have any questions or concerns, please contact your child's teacher or principal.

Sincerely,

Dr. Dennet Sidell
Principal

Ms. Lori Bruce
Director of Student Support Services

Parent Input Form

Child's Name: _____ Parent's Name: _____

Current Teacher/Grade: _____

We value your perspective as we begin the placement process. If you wish, please take a moment to describe your child's strengths. Your child's teacher, the grade level team, the school psychologist, and members of the administrative team will review this information. Please do not request a specific teacher.

Please return this form by **Friday, May 7, 2021** to the main office.

1. What do you feel are your child's greatest academic, social, and emotional strengths?

2. Does your child have any special interests or talents?

3. Is there anything else you would like us to know about your child when considering placement?
