Academic Excellence Creativity Respect Responsibility

The faculty at Carlisle Public Schools values:

1. Making proactive, student-centered decisions and responding in a flexible way when needs change.
2. Staying true to a team oriented, multi-disciplinary approach that is implemented by highly qualified staff who provide coordinated services designed to teach the whole child.
3. Dedicating a special educator at every grade level who knows the curriculum, and supports students as another teacher in the classroom.
4. Having frequent and consistent opportunities for classroom teachers and special education staff to discuss students who are at-risk and/or have special needs.
